

Owen's Mission

The Bible has a lot to say about the value of each person. Each person is created by God (Psalm 139:13-14), redeemed by Jesus (Galatians 3:13), and someone the Holy Spirit wants to call to be His child (1 Timothy 2:4).

The goal of **Owen's Mission** is for every Lutheran elementary and high school in the country to have a set of Touch of Life fetal models.

We hope **Owen's Mission** will do three things:

- Help students understand the God-given value of each life from the moment of conception.
- Be motivated by what God has done as our Creator, Redeemer, and Sanctifier who gives value to life.
- Value themselves and others as irreplaceable gifts to the world because of this God-given value.

Here's how you can support **Owen's Mission**:

- Reach out to administrators of your Lutheran school and ask them to set up an **Owen's Mission** presentation.
- Encourage your Lutheran school to own an **Owen's Mission** fetal model set for their school.
- Pray for the message of **Owen's Mission** to reach students.
